LUCAS
21 years in Ezpeleta

ES. La clave detrás de nuestros 90 años de historia es, sin duda, el trabajo en equipo bien coordinado. Cada una de nuestras mesas es ensamblada por un grupo de personas que trabajan mano a mano para garantizar la calidad en cada fase del proceso, mediante procedimientos estandarizados que optimizan los recursos y, además, nos permiten reducir el impacto medioambiental.

El resultado son mesas funcionales y versátiles, compuestas de materiales ligeros, resistentes y 100% reciclables.

EN. Without a doubt, our 90-year history is based on well-coordinated teamwork. Each of our tables is assembled by a group of people who work hand in hand to ensure that each stage of the process is of the highest quality, using standardised procedures that optimise resources and also allow us to reduce our environmental impact.

As a result, our tables are functional and versatile, made of light, resistant and 100% recyclable materials.

FR. La clé de nos 90 ans d'histoire est sans aucun doute un travail d'équipe bien coordonné. Chacune de nos tables est assemblée par un groupe de personnes qui travaillent main dans la main pour garantir la qualité à chaque étape du processus, en utilisant des procédures standardisées qui optimisent les ressources et nous permettent également de réduire notre impact sur l'environnement.

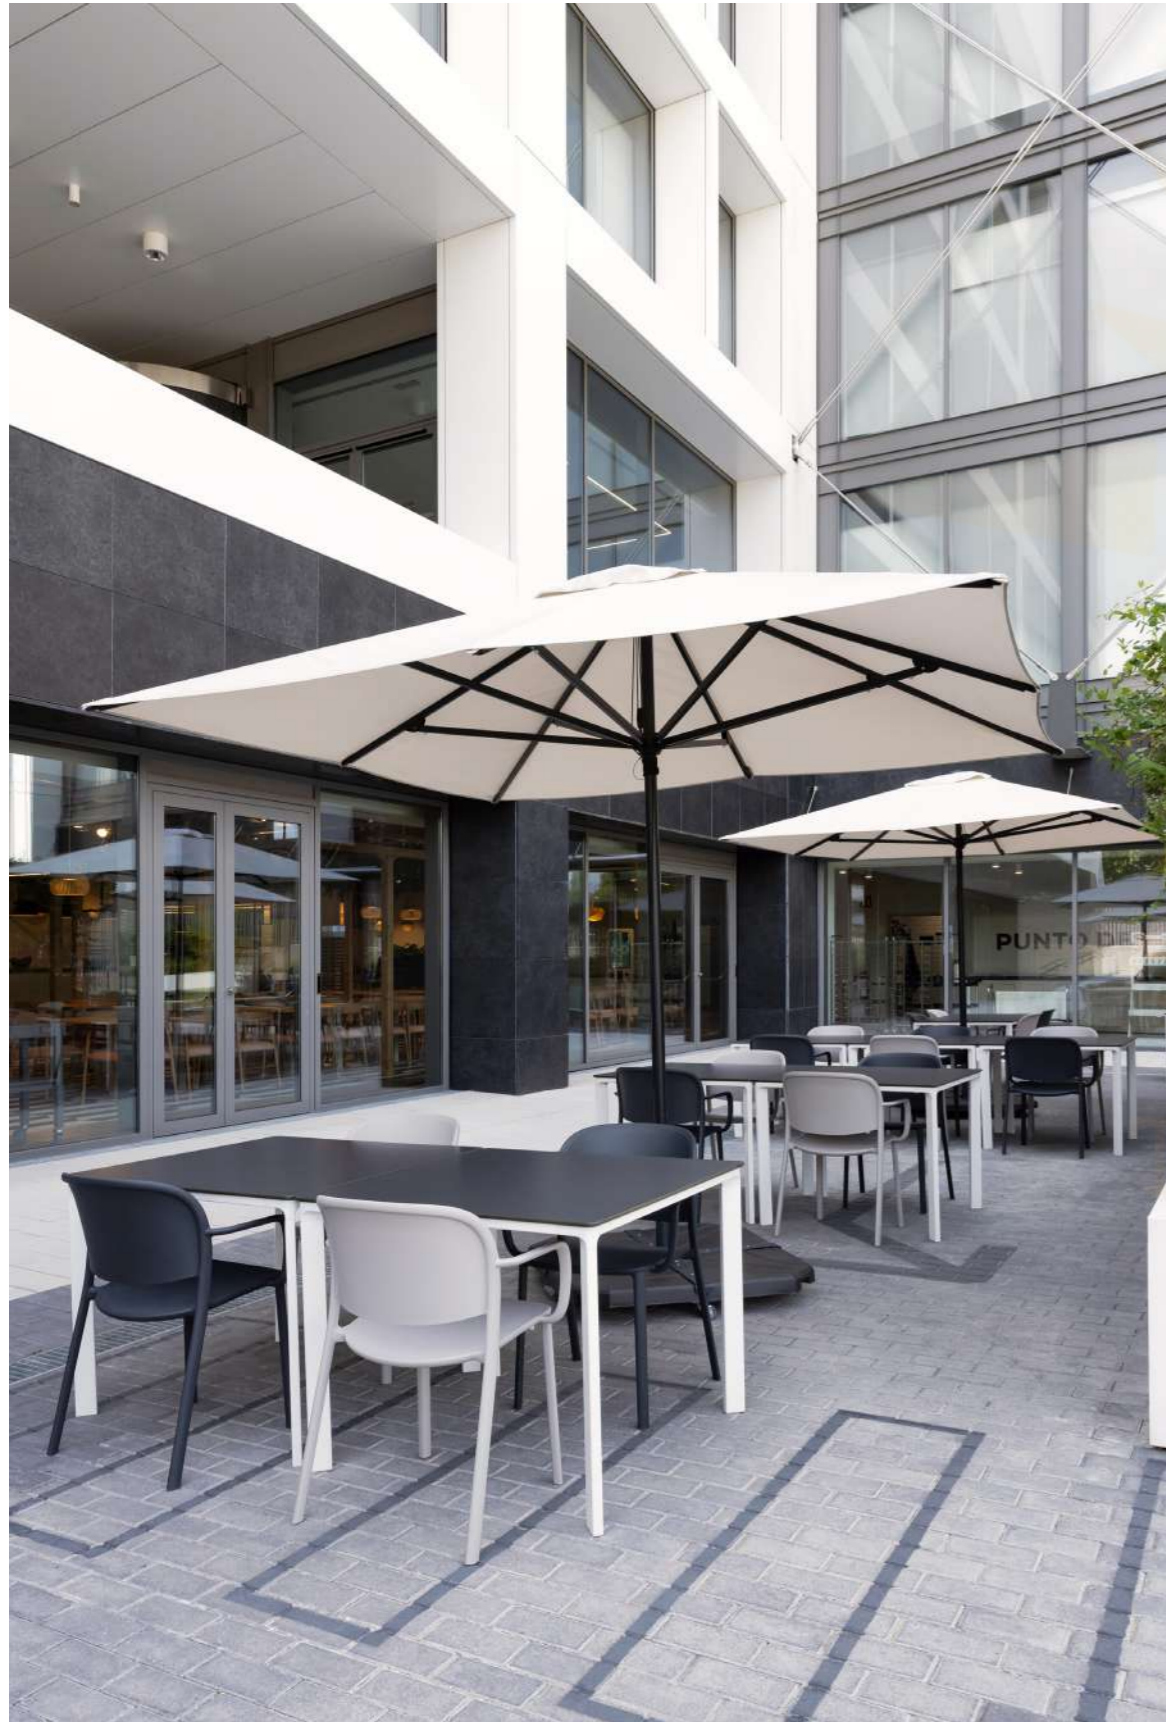

Il en résulte des tables fonctionnelles et polyvalentes, fabriquées avec des matériaux légers, résistants et 100 % recyclables.
